

We are looking for new talent!

- Are you a software developer, a self-starter who loves to solve, quickly and efficiently, new and challenging problems?
- Do you have a passion for seeing software developed the right way using the best tools in the industry?
- Do you love working with people to help them solve problems in new and exciting ways?

If you answered "YES!" to these questions then Herzum wants to talk to you!

Herzum, the DevOps and Agile leader, is seeking passionate and self-motivated individuals to join our Italian Practice. A strong desire to learn best practices around ALM (Application Lifecycle Management), SCM (Software Configuration Management) and scalable Agile methodologies is a must. Herzum is experiencing tremendous growth and we are looking for individuals to join the team and help us meet the ever increasing needs of our clients. We offer challenging opportunities for technology professionals who thrive in collaborative projects and a great work environment.

Responsibilities

- Implementing and maintaining software solutions in a fast-paced, customer-oriented environment.
- Work with clients to understand their needs and deliver solutions that meet those needs.
- Devise solutions to new problems, quickly learn new technologies and adapt those technologies to a client's needs.
- Work effectively as a member of a solution delivery team.

Qualifications

- Bachelor Degree in Computer Science or Electrical Engineering or equivalent.
- A foundation in Agile development as well as an understanding of application lifecycle management (ALM) and Software Development Life Cycle (SDLC) best practices.
- Knowledge of one or more of the common development languages (Java, C#, JavaScript, JQuery, etc.).
- Strong understanding of either Linux or Windows operating system and their related technologies.
- Ability to work effectively in a fast paced, high energy, team-oriented environment.
- Very fast learner, capable of finding innovative and efficient solutions to simple and complex problems.
- Great problem solver and team participant and strong communication skills (verbal, writing, presentation).
- Fluent in English. Must be able to travel.
- We are an Atlassian Platinum Partner. Prior knowledge of the Atlassian tools is a plus but not mandatory.

Application

To apply, please, send your CV to jobs1115@herzum.com
